

**CONGRESSIONAL BUDGET OFFICE  
COST ESTIMATE**

May 30, 2007

**S. 580**

**A bill to amend the National Trails System Act to require  
the Secretary of the Interior to update the feasibility  
and suitability studies of four national historic trails**

*As ordered reported by the Senate Committee on Energy and Natural Resources  
on May 23, 2007*

S. 580 would direct the Department of the Interior to update the feasibility studies of four national historic trails to include numerous shared routes, cutoff trails, and other trail segments. (The four trails affected are the Oregon, Pony Express, California, and Mormon Pioneer National Historic Trails.) The bill would require the department to report its findings on the potential trail additions within three years of receiving funding for the studies.

Assuming the availability of appropriated funds, CBO estimates that it would cost \$160,000 over the next three years to conduct all of the required studies of trail segments specified by the bill. Enacting the legislation would not affect direct spending or revenues.

S. 580 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Deborah Reis. The estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.
